

# U.S. Council on International Social Welfare

MEMBER OF ICSW

750 First Street, N.E. • Washington, DC 20002 • (202) 336-8274

---

February 5, 2009

Dear Family of Dr. John B. Turner:

We send our sympathy in the loss of your dear one. Dr. Turner was remarkably helpful to the International Council on Social Welfare (ICSW), where, for a number of decades, he was an active member and leader.

One highlight of his important work occurred in 1974, at the International Conference on Social Welfare meeting held in Nairobi, Kenya. Dr. Turner was the author of the U.S. Report to the XVIIth International Conference. His writing became part of the book of conference proceedings entitled *Development and Participation: Operational Implications for Social Welfare* and is still used today.

We all appreciate his many contributions and his kindness, both to international social welfare as well as to so many people around the world.

Most sincerely,

Margery Carpenter  
Volunteer Coordinator  
ICSW/US
