ABOUT THE PIONEERS

The NASW Social Work Pioneer® Program was created to honor members of the social work profession who have contributed to the evolution and enrichment of the profession. The Pioneer Program identifies and recognizes individuals whose unique dedication, commitment, and determination have improved social and human conditions.

Pioneers are role models for future generations of social workers. Their contributions are reflected in every aspect of the profession, as well as in the establishment of social policies and human services programs. They have accomplished this through practice, teaching, writing, research, program development, administration, advocacy, legislation, and election to public office.
